

Compass Furnished Apartments Announces Innovative Partnership with TaskRabbit

Two compassion-driven brands join forces to deliver a new take on temporary stays.

QUINCY, MASSACHUSETTS, UNITED STATES, September 21, 2020 /EINPresswire.com/ -- [Compass Furnished Apartments](#) | [ARTlab Living](#), a prominent corporate housing provider throughout New England, recently announced their new partnership with TaskRabbit, the leading online and mobile task platform.

This partnership brings together two like-minded companies with deep philanthropic values.

Compass, recognized for their attention to detail and forward-focused approach on hospitality, provides furnished apartments to travelers with a heightened focus on guest experience. TaskRabbit's platform will allow Compass residents to instantly connect with skilled 'Taskers' who will assist them with odd-jobs and errands, such as medication pick-ups, delivery, cleaning and donation drop-offs. This

partnership enhances guest experience while highlighting TaskRabbit's commitment to making everyday life easier for its users.

“

When forming partnerships, we look for like-minded brands that put thought into each step of the guest experience as well as their community”

“At TaskRabbit, we always look for actionable ways to embrace our company values like Being a Better Neighbor and expressed in our TaskRabbit for Good initiative, and we saw an opportunity to bring those values to life through a partnership with Compass,” said Diana Rothschild, Director of Strategic Partnerships at TaskRabbit. “We’re excited to help make the lives of Compass’ guests easier,

and in doing so, have the opportunity to be a part of the Compass Cares program.”

This partnership brings together two like-minded companies with deep philanthropic values.

With each task booked, Compass has committed to repurposing a small portion of its profits to the Compass' Compass Cares program, a philanthropic initiative of Compass Furnished Apartments that supports patients and families while undergoing treatment.

"At Compass, we measure our success as much as our impact on the communities we serve as by our sales and profits. When forming partnerships, we look for like-minded brands that put thought into each step of the guest experience as well as their community," said Chris Fleming, Compass Furnished Apartments CEO. "We feel that TaskRabbit perfectly marries into our Compass guest experience, and we are excited to work alongside them, while making a difference for both our guests and Compass Cares residents.
