Human-Sounding Voices. ListnrTech is an easy to use text to speech conversion tool powered by AI. It helps you convert all your texts into a speech with human-sounding voices that you can choose from.

"Listnr's goal is to help bloggers, freelancers, solopreneurs, and various online companies to create a high-quality voice over in over 17 different languages with a click of a button," said Aman Batra, the Founder & CEO of Listnr.tech.

Listnr.tech is now available on a lifetime deal at PitchGround for a limited period of time.

Listnr.tech has partnered up with a PitchGround to make a one-time offering making the software accessible to thousands of small businesses. The goal is to help companies to save, sustain, and continue with their operations. This early-bird offer expires very soon.
