

Fruit & Seeded Crackers for Three

Australian family owned and run business, Tucker's Natural has recently launched a range of premium dark rye flour Fruit and Seeded Crackers into Woolworths

ADELAIDE, SOUTH AUSTRALIA, AUSTRALIA, September 17, 2020 /EINPresswire.com/ -- Australian family owned and run business, Tucker's Natural has recently launched a range of premium dark rye flour [Fruit and Seeded Crackers](#) into Woolworths stores nationally.

The newly released Fruit & Seeded Range consists of 3 fruit and seed combinations.

- Apricot, Linseed & Sunflower
- Mixed Berry, Poppy & Pepita
- Blueberry, Chia & Sunflower

Filled with the goodness of real fruit and seeds, these crackers will both stimulate and satisfy the taste buds with a combination of savoury and sweet tones. They are a healthier alternative to the run of the mill sweet biscuits available on grocery shelves.

All varieties are Vegan, non-GMO, yeast free, palm oil free and provide a source of fibre.

Healthy and gourmet snack foods are projected to account for a larger proportion of the Snack Food Manufacturing industry's revenue over the next five years.

Healthier snack foods are expected to make up a greater share of consumer snacking habits, and are more likely to take share off products that are viewed by consumers as "less healthy", like conventional potato chips, according to IBIS World on Snack Food Manufacturing in Australia outlook

“The leading supermarket chains have recognized these changing consumer trends. We worked with Woolworths to develop and deliver a healthier sweet/savoury cracker more in tune with current consumer needs”, said Managing Director Sam Tucker.

With consumers looking for “better for you” snacking options, this new range fits the bill. It also works as an accompaniment to cheese, so it is very versatile for both snacking and entertaining.” said Sam

The range will also be rolled out to Independent retailers nationally.

Tucker’s Natural Fruit & Seeded Crackers 100g have an RRP of \$4.00
