

# Massachusetts US Navy Veterans Lung Cancer Advocate Appeals to a Navy Veteran with Lung Cancer in Massachusetts to Call the Lawyers at Karst von Oiste About Compensation if He Had Asbestos Exposure in the Navy

BOSTON , MASSACHUSETTS , USA,  
November 6, 2020 /EINPresswire.com/  
-- The Massachusetts US Navy Veterans Lung Cancer Advocate says, "If your husband or dad is a Navy Veteran in Massachusetts who has lung cancer please call the lawyers at the law firm of Karst von Oiste at 800-714-0303 if he also had significant exposure to asbestos on a navy ship, submarine or at a navy shipyard in in the 1960s or 1970s. Financial compensation for a person like this might exceed \$100,000 and the claim does not involve suing the navy. The typical person we are trying to identify is over 60 years old and it does not matter if they smoked cigarettes. Unfortunately, most people who had heavy exposure to asbestos decades ago and who now have lung cancer do not realize the \$30 billion dollar-asbestos trust fund was set up for them too."

The lawyers at the law firm of Karst von Oiste have been assisting Navy Veterans and people with asbestos exposure lung cancer and mesothelioma for decades and they are responsible for over a billion dollars in compensation for people like this. For direct access to the lawyers at the law firm of Karst von Oiste please call 800-714-0303. [www.karstvonoiste.com/](http://www.karstvonoiste.com/)

The Massachusetts US Navy Veterans Lung Cancer Advocate's free services are available to people with asbestos exposure lung cancer or mesothelioma in Boston, Worcester, Springfield, Worcester, Lowell, Cambridge, New Bedford or anywhere in Massachusetts.

High-risk work groups for exposure to asbestos in Massachusetts include US Navy Veterans, former workers at the Boston Navy Shipyard, workers at one of dozens of power plants in Massachusetts, shipyard workers, maritime workers, oil refinery workers, manufacturing workers, public utility workers, welders, millwrights, pipefitters, plumbers, electricians, auto mechanics, machinists, or construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's. [www.karstvonoste.com/](http://www.karstvonoste.com/)

“

"If your husband or dad is a Navy Veteran who has lung cancer please call the lawyers at the law firm of Karst von Oiste at 800-714-0303 if he also had exposure to asbestos on a navy ship-submarine."

Veterans Lung Cancer  
Advocate*

According to the American Cancer Society for nonsmokers who have been exposed to asbestos in their workplace the risk of lung cancer is five times that of unexposed workers. <https://www.cdc.gov/cancer/lung/statistics/index.htm>.

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call

us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact."

<https://USNavyLungCancer.Com>

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine,

Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware.
