

Just Four Weeks To Go Until Military PNT 2020 Takes Place Virtually

The virtual Military PNT conference will take place over 19th and 20th October 2020 to explore satellite navigation technology in depth

LONDON, UNITED KINGDOM,
September 21, 2020 /

EINPresswire.com/ -- In just four weeks' time, on 19th and 20th October, the virtual [Military PNT conference](#) will take place online on SMi Group's Virtual Conference Platform.

The conference will be an online meeting point for military and industry representatives to discuss how satellite navigation technology is supporting the terrestrial forces, covering topics such as PNT resilience, the future of US PNT, the UK's post-Galileo PNT environment, warfighter navigation requirements and much more.

Attendees will be able to participate virtually in vital conversations with the Military PNT community, hear key updates from the industry and listen to senior briefings from international representatives.

As the conference is just four weeks' away, interested parties are encouraged to book their place as soon as possible. Attendance is FREE for military and government personnel, and just £499 for commercial organisations. Register at <http://www.militarypnt.com/EINpr12>

CONFERENCE HIGHLIGHTS:

A promotional banner for the Military PNT 2020 Virtual Conference. The background is a dark space scene with a satellite in the center, emitting a bright light that illuminates the Earth's horizon below. The text 'Military PNT' is prominently displayed in a large, white, sans-serif font. Below it, the dates '19th - 20th October 2020 | Virtual Conference' are written in a smaller white font. In the top right corner, the SMi logo is visible with the tagline 'LINKING BUSINESS AND INFORMATION'. At the bottom of the banner, the website 'www.militarypnt.com' is displayed in white text on a dark background. Below the banner, the text 'Military PNT 2020 - Virtual Conference' is written in a smaller black font.

- Understand how PNT constellations are developing, and discuss procurement priorities and requirements for the next generation of global navigation systems
- Hear military briefings from the US DoD, UK MoD and other nations on the present and future of PNT
- Hear key updates from commercial solution providers building cutting edge technologies
- Network virtually with key players in the field from military, government and industry

AGENDA HIGHLIGHTS:

- "Robust Global Navigation System - Providing the Backbone of Capability for the UK MoD"
Squadron Leader Mark Lynch, Beyond Line Of Sight Desk Officer & SO2 ATCOM and PNT, UK Strategic Command, UK MoD
- "GPS - The Backbone of US PNT Capability"
Lieutenant Colonel Stephen Toth, Commander, 2nd Space Operations Squadron, US Air Force
- "APNT Cross-Functional Team: Enabling the Warfighter with Effective and Resilient PNT Capabilities"
Mr Willie Nelson (SES), Director, APNT Cross Functional Team, US Army
- "GNSS Industry Update and Outlook"
Ms Aureline Borel, Permanent Representative, Galileo Services

The brochure including the full speaker line-up and programme details is available to download online at <http://www.militarypnt.com/EINpr12>
