

# INNOVATIVE TECHNOLOGY TO KEEP RECREATION AREAS SAFE AND PEOPLE HEALTHY

*Next-generation antimicrobial technology offers sanitation and protection for the recreation market.*

VERONA, WISCONSIN, USA, September 18, 2020 /EINPresswire.com/ -- [RECRESOL](#)™ antimicrobial solutions provide safe, non-toxic, and long-lasting protection to help keep recreation facilities safe and people healthy. Using EPA-registered technologies, the solutions bind to surfaces forming a durable, antimicrobial shield against harmful microorganisms such as viruses, bacteria, fungus, and mold and mildew. RECRESOL's proprietary formulas were developed by [PLAYTEC](#)™, provider of antimicrobial products for the recreation industry.

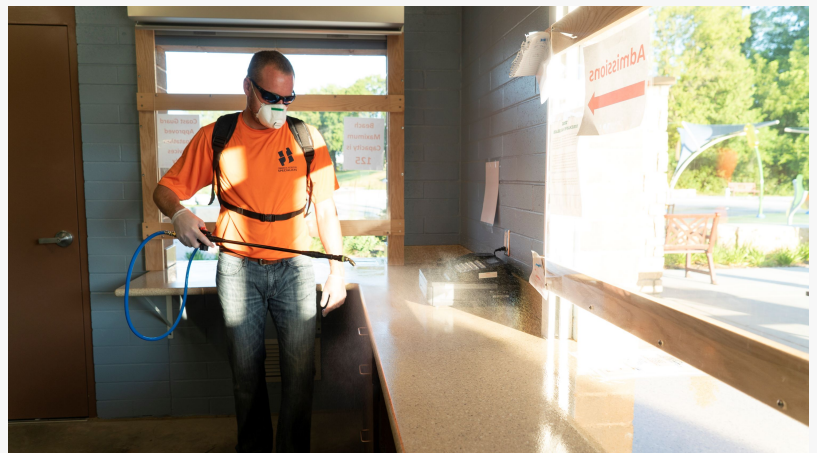

Scientifically proven to last up to 60 days, RECRESOL will save staff hours and reduce operating costs, while simultaneously protecting guests and the greater community. RECRESOL serves both indoor and outdoor recreation facilities and is available in a range of formulas to meet various environments, protection levels, and budget requirements. Safe and easy-to-apply, RECRESOL is ideal for sport facilities, fitness centers, playgrounds, picnic areas, concessions, restrooms, and any high-touch areas.

Product benefits include:

- Effective against viruses, bacteria, fungus, molds, mildews, fungus and more
- Residual, long-term efficacy – protects surfaces and lasts up to 60 days

RECRESOL Antimicrobial Solutions by PLAYTEC

RECRESOL Antimicrobial Solutions by PLAYTEC
