“

Representing JNF in Los Angeles and the opportunity to make a direct impact on the success of the organization as a cabinet member, is one of the most humbling honors I've had as an active leader.”

Karen E. Kennedy, President & Founder, NAS & NAS Investment Solutions

President and Founder of [National Asset Services](#), (NAS) and NAS Investment Solutions, has joined the Los Angeles chapter of Jewish National Fund's Real Estate Division as a cabinet member. In her cabinet-member role, Mrs. Kennedy will be responsible for helping to further develop [JNF's](#) Los Angeles network of real estate professionals and donors.

Jewish National Fund (JNF) began in 1901 as a dream and vision to reestablish a homeland in Israel for Jewish people everywhere. Jewish people the world over collected coins in iconic JNF Blue Boxes, purchasing land and planting trees until ultimately, their dream of a Jewish homeland was a reality. The organization is dedicated to giving all

generations of Jewish people a unique voice in building a prosperous future for the land of Israel and its people.

JNF, a registered 501 (c)(3) nonprofit organization and United Nations NGO (non-governmental organization), is a Charity Navigator Four Star Charity and has received top ratings from the American Institute of Philanthropy and the Better Business Bureau Wise-Giving Alliance.

“Representing JNF in Los Angeles and the opportunity to make a direct impact on the success of the organization as a cabinet member, is one of the most humbling honors I've had as an active leader in the Jewish Community,” commented Karen E. Kennedy. “I look forward to working hard to further the organization's primary mission of building a better future for the land of Israel and its people.”

JNF has made an enormous positive impact in the lives of Israeli citizens in the areas of:

Community Building – JNF enhances quality of life in Israel by building new communities and bolstering existing ones, especially in the north and south.

Forestry and Green Innovations – As an innovator in ecological development and a pioneer in forest creation, JNF has planted more than 250 million trees in Israel, providing lush belts of green covering more than 250,000 acres.

Water Solutions – JNF has been at the forefront of water management and conservation in Israel for two decades, increasing the water supply by 12 percent and helping Israel become a world leader in water recycling.

Research and Development – For over one hundred years, JNF has sponsored research initiatives in Israel as part of its efforts to cultivate the land. JNF is a world leader in both technological and environmental innovation.

Zionist Education and Advocacy – JNF is the single largest provider of Zionist engagement programs in the U.S. and offers a myriad of ways to connect young American Jewish people to Israel.

Heritage Sites – JNF is committed to the preservation of historical sites associated with Israel's rebirth and to ensuring that the stories behind them are properly documented and retold for generations to come.

Disabilities & Special Needs - JNF is dedicated to ensuring that no member of Israeli society is left behind by providing cutting-edge rehabilitative services, special education, and medical care for people with special needs.
