[Hard Disk Market 2020](#)

Summary: -

Generally, hard disk producers are considerably investing in sophisticated machineries in order to present the most useful data storage resources to businesses as well as persons. At Present, the hard disk market is focused with Western Digital Corporation, Seagate, and Toshiba capturing more than 70% of the market share. The hard disk drive (HDD) market is highly focused in comparison to the solid-state drive (SSD). The HDD section populates a market share of 80.5% in the global hard disk market. HDDs are comprehensively used in personal computers and data centers. Also, since, HDDs are inexpensive as compared to SSDs, their demand is higher. However, the HDD market witnessed a decrease in revenue from 2014 to 2018, largely attributed to the shrinking shipment of private computers (PCs) around the globe. Nevertheless, agreeing to MRFR analysis, from 2020, the HDD market will pick up pace due to the growing need for such drives among data centers. Also, according to the analysis, the shipment of PCs will increase considerably in the coming years, since Microsoft Corporation announced to stop the service of the Windows 7 operating system by 2020.
