Credit by Examination – CLEP™, DSST™, ECE™, and UExcel™ (all forms of Prior Learning Assessments -PLA) were all created to help students earn college credit through examination, like the Advanced Placement (AP™) program for high school students. The main difference is that AP™ is accompanied by a high school course. SpeedyPrep students will have access to online test prep which prepares them for a designated exam. A progress bar will track the student's progression throughout the course, once the progress bar reaches 90% the student is ready to take the selected exam.

Anyone can use the 'Credit by Examination' option: college students, working adults, military service members, high school, and homeschool students. SpeedyPrep test prep, like the high school course, prepares anyone to pass these exams.

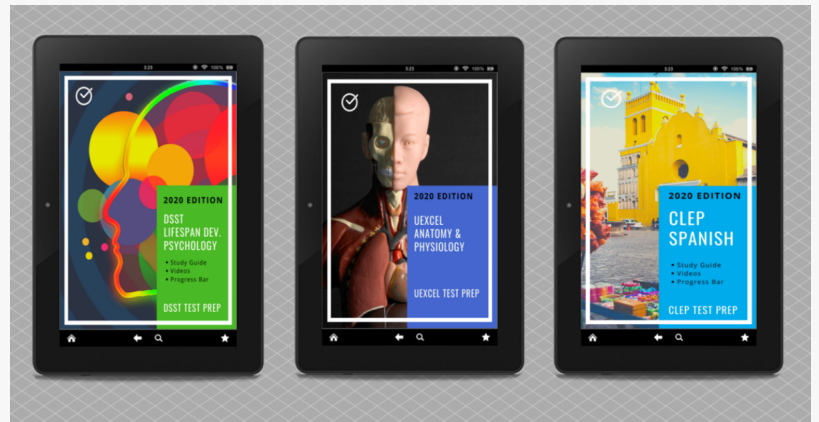

According to the Council on Adult and Experiential Learning (CAEL), There is a higher degree completion rate for PLA students. "The 24,512 adult students (ages 25 and older) who earned PLA credits had a credential completion rate of 49 percent over the seven-and-a-half-year observation period, compared to 27 percent of adult students with no PLA credits. This includes completion of bachelor's degrees, associate degrees, and certificates."**

Credit by examination is often used to complete general education courses like English, History, Math, and others. This reduces the cost of a student's degree and the time it takes to complete a college course. Students can save time, save money, and graduate sooner by testing out. They also increase their chances of graduating from college without debt. SpeedyPrep test prep backs all its products with a 100% money-back guarantee for the first time testing success.

"The format really works!"

I used Speedy Prep for three exams, and I passed them all. The format really works! The process of reading the questions, typing answers, and then seeing an explanation of the correct answer, gets all of the needed information into your brain quickly. The CLEP tests that I took were Information Systems, English Literature, and Natural Sciences. They were all challenging...I studied about an hour or two every night for a week with Speedy Prep and passed with plenty of room to spare. This was basically the same with all three exams. This has saved me so much time and money!

Thank you!!

"...now I'm able to graduate in May!"

I just finished taking my United States History 1 CLEP exam. I needed a 50 to pass, I got a 58! I was lacking 3 credits to graduate, so now I'm able to graduate in May! I'm so happy. I really appreciate your services, I will definitely be recommending SpeedyPrep to people I know.
