

YADA CORPORATION & RAYFORD ROBERSON HAS MADE " GLOBAL TECHNOLOGY HISTORY " A BILLION DOLLAR VALUED COMPANY

SILICON VALLEY, CALIFORNIA, UNITED STATE, September 28, 2020 /EINPresswire.com/ -- Rayford Roberson, CEO/Founder [YADA CORPORATION](#) former football "Super Star" at San Jose State and Dublin High School. Who with humble beginnings from the cotton fields of Wellington Texas, said "God granted this chosen time as early as 1988, and through consistent prayer."

Which allowed me to listen to His words, obey Him, and following His direction was the visionary key for my forward-thinking. I got Mr. Bill Gates's book "THE ROAD AHEAD" which was the book for me on how to solve the world's financial problems.

The words on Page 138 jump off the page at me "When a new business opens up it has to buy one computer and many software programs." This has been consistent with my business theory, goals, and philosophy as on August 31, 2020, at 4:30 pm CST YADA 3.0 became innovation a free download accessible to the world. Becoming America's Next Billion Dollar Company.

The book, "The Road Ahead" was inspiring for me "Intellectual Property Was More Valuable Than Real Property." Bill Gates' words were insightful as they enabled me to shape the universal vision and trajectory of YADA CORPORATION as it is today.

When Facebook bought Instagram for One Billion Dollars with \$300 Million in cash and \$700 Million in Stock on April 9, 2012, this evaluation became the benchmark for me to match: Three Programs (1) A Better Picture (2) Messenger (3) 20 Million Users and (4) Pre- Revenue. As confirmation, Mark Zuckerberg CEO/Founder of FACEBOOK testified to Congress by video conference on July 30, 2020.
