fastest growing retailers in the Southwest, recently added ORL CBD toothpaste, mouthwash and breath sprays to its offerings.

ORL toothpaste and mouthwash cleans and freshens your mouth using organic xylitol, plant based essential oils, vitamins and minerals and CBD. They are designed to naturally eliminate the bacteria that causes bad breath and gum disease by penetrating below the gum line for a deeper clean and leaving the mouth with a perfect 7.0 pH balance.

“At ORL we're passionate about improving one's health without harmful ingredients and in helping our overall environment,” said Howard Kaufman, co-founder of ORL. “We're excited to partner with CBD Emporium to get our CBD oral care products into the mouths of customers already focused on their health and wellness.”

Most people don't realize that many popular oral health products contain harmful ingredients like triclosan and sodium lauryl sulfate. ORL toothpaste, mouthwash and breath spray contain nothing harmful and the addition of CBD, which is a powerful anti-inflammatory is especially helpful in reducing bleeding gums that leads to gingivitis and gum disease.

“At CBD Emporium we're committed to offering a product mix designed for our customer's overall health and wellness,” said Paul Steinberg, COO, CBD Emporium. “ORL CBD toothpaste and mouthwash offer an all-natural approach to keeping the mouth healthy and breath fresh, something every customer cares about.”
