### About Operation BBQ Relief

Operation BBQ Relief is a 501(c)(3) nonprofit organization that supports communities following natural disasters with hot barbeque meals to those in need and on the front lines. After the devastating tornado in Joplin, Mo. in May 2011, competitive pitmasters from eight different states answered the call to feed displaced families and first responders and served over 120,000 meals over 13 days. This experience was the catalyst that started what Operation BBQ Relief is today. With the help of more than 14,000 volunteers, Operation BBQ Relief has provided over 8 million meals throughout the United States. In response to the COVID-19 pandemic, the organization has provided over four million meals to first responders, medical workers, veterans, families and organizations affected by the pandemic. In 2017, Stan Hays, CEO and Co-Founder was recognized as one of the "CNN Heroes" for his work with Operation BBQ Relief.
