

GetSolarize, a SunPower Dealer in Nevada & New Mexico, announces the opening of a third location in Honolulu, HI

Bringing Solar Expertise and Local, Personalized Customer Service to Hawaii Homeowners

HONOLULU, HI, UNITED STATES,
September 24, 2020 /

EINPresswire.com/ -- [GetSolarize](#), a

Nevada based solar dealer, has added

a third location to serve homeowners in Hawaii. With this addition, GetSolarize extends their ability to deliver leading residential [solar solutions to Oahu homeowners](#). [SunPower](#) carefully selects its authorized dealers, awarding this distinction only to installers that consistently put

customers first, delivering a superior SunPower experience at every step their solar energy journey.

“

Having installed solar panels for thousands of residential, commercial and municipal projects, we now look forward to helping homeowners in Hawaii save money on energy bills.”

Kevin Le, CEO of GetSolarize

“We are pleased to be able to extend our SunPower solar services to an additional area — from Las Vegas to Honolulu,” stated Kevin Le, CEO of GetSolarize. “The unsurpassed quality of SunPower technology combined with GetSolarize’s award-winning customer service has made us one of Nevada’s leading providers of state-of-the-art solar power systems. Having installed solar panels for thousands of residential, commercial and municipal

projects, we now look forward to helping homeowners in Hawaii save money on energy bills.”

GetSolarize, a SunPower Authorized Dealer, offers complete SunPower solar solutions to homeowners, including the highest quality consultation and system services. They leverage the strength and credibility of the globally trusted SunPower brand in key geographies based on their superb knowledge of the company’s technology, the local solar market, and industry best practices.

“We congratulate GetSolarize on the opening of their third location and for their extraordinary commitment to help homeowners reach their energy goals with SunPower solar — all while

demonstrating the highest standards expected of a SunPower Dealer,” said SunPower area sales manager Ken Best.

GetSolarize offers customers a turn-key-solution for the entire solar energy process, including system design, installation, maintenance, permitting, rebate processing, financing, and installation. In addition, staff members complete regular, in-depth training on SunPower products and services in order to provide homeowners with the best possible solar experience, offering peace of mind when choosing GetSolarize to install the most reliable solar technology.
