Adapter sleeves are the most commonly used components for locating bearings on both plain and stepped shafts that require great durability. Therefore Chin Hsing only uses ss400 material in order to sustain the high quality. Further, with its outstanding innovation and constantly improving R&D abilities, it is able to outmaneuver other competitors in regard to the flexibility of the adapter sleeve locating positions. Certified with ISO-9001:2015, ISO-14001:2015, and ROHS, Chin Hsing is committed to optimizing the four essential pillars of business: quality, trust, profession, and innovation, as long as all customers are satisfied.

About Chin Hsing Precision Industry Co.,Ltd

Founded in 1990 and headquartered in Chiayi County, Chin Hsing Precision Industry Co.,Ltd is an experienced market leader in mechanical components including adapter sleeves, lock nuts, lock washers and more. Apart from its own "CS" brand, it also provides OEM/ODM service to customers worldwide.
