GrowFL Announces 2020 Florida Companies to Watch Finalists  
All Florida Safety Institute Among Second-Stage

Businesses  
Competing to Earn Prestigious Honor

(PONTE VEDRA BEACH, FL) All Florida Safety Institute was among the first round of the 2020 Florida Companies to Watch finalists recently announced by GrowFL. The awards event - now in its tenth year - honors impressive second-stage companies from throughout the state for developing valuable products and services, creating quality jobs, enriching communities, and broadening new industries throughout Florida. The 2020 GrowFL Florida Companies to Watch awards celebration is brought to you by Nperspective CFO & Strategic Services, in association with the Edward Lowe Foundation.

Together, the 2020 GrowFL Florida Companies to Watch Finalists represent nearly 3,000 jobs and generate \$670 million in revenue. These companies, all of which are "worth watching," anticipate

a growth of 13 percent in revenue and 23 percent in employment by the end of 2020.

“We are thrilled to be among the fastest growing companies in the state and look forward to finding out how we will rank among the other finalists. We have worked hard to build an organization that is helping save lives across Florida. We continue to grow our footprint with our upcoming launch of new offices in the Panhandle and are looking for even more office locations across the state.” Mark Allen, Executive Director.

The finalists were selected from more than 400 nominations and are now in the running to be named a 2020 GrowFL Florida Companies to Watch Honoree. If selected as an honoree, these exemplary second-stage companies will join the 450 honorees that have been recognized since 2011.

“We applaud these first-round finalists who have proved themselves to be stand out companies in the state. They have and continue to demonstrate the resiliency and tenacity that comes along with being an entrepreneur. We know this year hasn’t been easy, so we’re excited to recognize our states admirable business owners and their teams. I have a feeling they’re just getting started,” says Dr. Tom O’Neal, GrowFL Founder.

The Finalists represent a unique group of scalable, high-growth enterprises that are already located within Florida. These high growth enterprises are an important segment of our economy and their numbers have been steadily increasing. According to the Kauffman Foundation, “entrepreneurship is not a monolithic phenomenon, and it includes many moving parts. Creating new businesses is a different economic activity from running small businesses, which in turn is different from growing businesses.” GrowFL Florida Companies to Watch recognizes the different approach needed to successfully grow and scale a business and celebrates those that are working to achieve this goal.

Companies to Watch was developed by the Edward Lowe Foundation as a unique way to recognize and honor second-stage companies that demonstrate high performance in the marketplace with innovative strategies and processes. In addition to evaluating past growth and projected success, applicant companies are judged according to their special strengths and impact in their markets, communities and within the state – thus deeming them “worth watching.”

The 2020 honorees will be recognized on November 12, 2020 at 6pm during a live broadcast from Orlando, Florida. For more information visit <https://www.growfl.com/flctw20/about-flctw/>.

###

All Florida Safety Institute (AFSI), a Driver License Testing School, opened in North East Florida in 2015 to give residents in the state a better understanding of driving rules, requirements, and

techniques that will make our roads safer for everyone.

Being taught by professional, state-certified instructors can deliver that extra peace of mind knowing you or your teen can safely, securely and confidently navigate our nation's roadways.

About GrowFL:

GrowFL is dedicated to support and accelerate the growth of second-stage companies throughout Florida, by providing their leaders focused, efficient, and timely access to resources they deem important, such as connections with other second-stage company leaders, and to professional organizations whose expertise, experience, and products lead to the second-stage company's continued growth and prosperity resulting in diversification and growth of Florida's economy. Second-stage growth companies have at least 10 employees and a \$1 million in revenue and possess an intent and desire to grow beyond second stage.

About the Edward Lowe Foundation:

Established in 1985, the Edward Lowe Foundation is a national, nonprofit organization that supports entrepreneurship through research, recognition and educational programs, which are delivered through entrepreneur support organizations (ESOs). The foundation focuses on second-stage companies — those that have moved beyond the startup phase and seek significant, steady growth. In addition, the foundation has a second mission of land stewardship and is committed to preserving the natural resources and historically significant structures at Big Rock Valley, its 2,000-acre home in southwest Michigan.
