Global Manufacturing Execution Systems (MES)  
Market 2020

The main driver of the global manufacturing execution system market is stringent government regulations. Many manufacturing business, including but not limited to the medical device, equipment and safety products manufacturers, have to adhere to intense internal and external policies. The regulations direct manufacturers to ensure a uniform quality in the production line. The global manufacturing execution system market is therefore expected to witness a major push in the next 5 years.

Market Segment by Top Companies, this report covers

ABB  
Accenture  
Andea Solutions  
Aptean  
Dassault Systemes  
Emerson  
Eyelit  
Fujitsu  
GE Digital  
HCL Technologies  
Honeywell  
IBASEt

The research report enlightens clients about the competitive scenario of the global manufacturing execution system market. It outlines that the global market is highly fragmented and is dominated by a few key players. Recent influx of new competition, however, has made it a tougher marketplace, although it is not easy for a new player to establish itself in this market. To overcome challenges, clients fall back on strategies such as mergers, collaborations and partnerships. This allows them to accumulate substantial resources and thrive in the intense environment of the global manufacturing execution system market.

#### Global Manufacturing Execution System (MES) Market: Segmental Analysis

The segmental analysis of the market has been conducted based on type, offering, process industry and discrete industry. Based on type, the market has been segmented into On Premises, On Demand and Hybrid. Based on offering, the market has been segmented into Software and Services. Based on Process Industry, the market has been segmented into Food and Beverages, Oil and Gas, Chemicals, Pulp and Paper, Pharmaceuticals and Life Sciences, Energy and Power, Water and Waste Water Management and others. Based on discrete industry, the market has been segmented into Automotive, Aerospace and Defense, Medical Devices, Consumer Packaged Goods and others.

#### Global Manufacturing Execution System (MES) Market: Regional Analysis

On the basis of region, the market has been segmented into America, Europe, Africa, Asia Pacific, Middle East and RoW. North America includes the United States, Canada and Mexico. South America includes Brazil, Argentina, Columbia and others. Europe includes Germany, France, UK, Russia and Italy.

The Middle East and Africa include Saudi Arabia, UAE, Egypt, Nigeria and South Africa. Asia Pacific includes China, Japan, Korea, India and southeast Asia.

The whopping growth of the global manufacturing execution system market can be attributed to the growing demand for manufacturing execution system solutions in countries like China, India and Brazil. Veterans of the global manufacturing execution system market are investing heavily into research and development of innovative solutions to provide to their customers. They are also acquiring various small and medium scale businesses to broaden their portfolio and strengthen their brand presence in the market. This acquisition further helps them to conquer regional markets which eventually lead to better monetization strategies.
