

Rapid Sales Growth for Tarp Coverings among Construction Contractors Signals Potential for Economic Recovery

Increasing Demand among Major Construction Contractors Accelerates Production of Tarps and Covers

ST. JOSEPH, MICHIGAN, UNITED STATES, September 30, 2020

/EINPresswire.com/ -- Tarps Now[®]

today announced increases in production of Industrial Grade Tarps and Covers engineered to meet heavy order flow demands initiated by Engineering, Procurement and Construction (“EPC”) contractors throughout the North America.

Nationally known EPC contractors increasingly turn to Tarps Now[®] for a

wide range of [Heavy Duty Tarps](#) and Covers engineered to help EPC contractors meet a wide range of construction milestones associated with engineering, developing, constructing and facilitating the opening of a wide range of facilities serving heavy industry.

Examples of industries served includes solar and wind power projects, utility plant construction, oil and gas pipelines, highway and road construction, retail shopping centers, multi-family community projects, and healthcare industry facility projects.

The company also provides support services to assist EPC contractors in selecting correct tarps products and coverings to meet specific application needs, as well as on-site delivery estimates which are frequently needed to meet tight construction milestone schedules. Support services including provisioning of stock sized tarps and coverings, as well as use of large scale custom tarp coverings needed to protect work in progress, concrete curing, heavy equipment and construction zones.

Growth has been accelerated due to the availability of custom tarp ordering technology available on the Company’s website that contributes to expedited order processing, fabrication, shipment and deliveries. Construction managers cite the accuracy of cost quotes, rapid order processing

and timely on-site deliveries of critical to meet milestone events during the construction process. Major product lines serving the EPC Construction industry are as follows:
