

Cultured organic ghee: A safe dairy delight for food-sensitive people's diet

Milkio Food has launched cultured organic ghee. Prepared from organic cultured butter, cultured ghee is lactose-free & safe for dairy sensitive people's diet.

HAMILTON, AUCKLAND, NEW ZEALAND, October 1, 2020

/EINPresswire.com/ -- [Cultured ghee](#) is a unique clarified butter where instead of preparing it from milk butter, manufacturers prepare it from cultured butter. Milkio has launched [cultured](#)

[butter ghee](#) for its global market, which severely lactose intolerants will find safe to consume. Cultured ghee contains lactic acid which neither invokes food sensitivity nor lactose allergy for dairy sensitive people.

“

Milkio's Cultured organic ghee is a non-GMO product and its' Organic and Non-GMO claim is officially endorsed by BioGro, New Zealand”

Milkio Foods

Milkio has launched the cultured ghee under the brand name in two exclusive assortments: these are Cultured Organic Grass-fed ghee and Cultured Grass-fed ghee. Manufactured in New Zealand, Milkio Cultured organic ghee is 100% natural, pure, and high aroma products that are shelf friendly, which is an advantage for buyers. They can buy Milkio ghee in bulk for their kitchen. Milkio's [Organic Cultured ghee](#) is a non-GMO product and it' organic and Non-GMO claim is officially endorsed by

BioGro, NZ, one of the leading organic certifiers of New Zealand.

The lactic acid in cultured ghee plays a vital role in producing antibacterial elements as a corollary and therefore endorse a healthy milieu for the digestive tract: this soothing effect is the reason cultured butter ghee acts as a probiotic supplement if taken in moderation. Milkio Foods claims that cultured ghee produced by Milkio offers better digestive support and it is safe for the consumption of lactose-intolerant people. According to world statistics by NIH (National Institute of Health, USA) as 65% of the world population is lactose intolerant, the inclusion of good quality

cultured organic ghee | Milkio foods

cultured butter ghee is safer for dairy eating. It is much needed in staple-diet to get a natural immunity boost for staying stable from infections and pollutants around.

Dairy experts have summarized some health benefits of cultured ghee. These are,

- Helpful for digestion,
- Reduces inflammation of the body
- The higher smoke point is a definite advantage for cooking
- Offers natural support for safe weight loss.
- Good for brain health and eyesight.
- Promotes bone health and keeps bone joints flexible.

Culinary enthusiasts have tried Milkio cultured ghee in several cooking methods. You can also try the dairy for
