Meet your experts hosts from HEUFT who will be leading this webinar

RONALD TURN, Pharmaceutical Sales Engineer, HEUFT USA Inc

Ronald Turn joined Heuft USA in 2019 as the Pharmaceutical Sales Representative. Ron has spent the past 10 years in a technical sales roll selling different varieties of Capital Analytical Research Instrumentation to the Pharmaceutical, Biotech, Chemistry, and Life Sciences industries. Ron also has worked for two major Pharmaceutical companies as an Analytical Chemist. With the combination of sales experience and Scientific knowledge, Ron is responsible for everything related to the Pharmaceutical portfolio offered by Heuft USA.

Ron Received his bachelor's degree in Chemistry from Western Illinois University in 2008.

DAN MCKEE, General Manager, HEUFT USA Inc.

Dan McKee is the General Manager of HEUFT USA. He has spent 25 years working with high-speed quality control inspection equipment in the packaging industry. In doing so, he's become well versed in non-destructive techniques for testing a wide variety of package attributes using technologies as diverse as x-ray imaging, capacitive gauging, inductive profiling, and various vision techniques. His responsibilities have included commissioning inspection devices within a wide variety of production environments, specifying devices to satisfy customers' application conditions and working with R&D to customize equipment to conform to his customers' unique challenges. Dan now leads HEUFT's sales and service organization for the United States and Canada.

Dan Received his BSEE from the Illinois Institute of Technology in 1993, and a Master of Engineering Management (MEM) in 2001 from Northwestern University.
