

The Best Time to Visit the Bay Islands

SAN PEDRO SULA, HONDURAS ,
October 2, 2020 /EINPresswire.com/ --
With some destinations, you need to visit at a certain time of the year in order to fully enjoy your trip. However, if you are planning a trip to the Bay Islands, you can visit at virtually any time of the year and have an enjoyable [Honduras](#) Travel experience.

Bay Islands Climate

Like other Caribbean islands, the Bay Islands are known for having higher levels of humidity. Parts of the Bay Islands have a tropical monsoon climate, while other regions have a tropical rainforest climate. The Bay Islands receives a significant amount of rainfall throughout the year, especially during the rainy season. However, even in the rainy season, it only rains about half the time, giving you plenty of time to enjoy yourself.

The warmer season on the Bay Islands stretches from July to October with temperatures ranging in the high 80s. Temperatures in the Bay Islands are in

the low 80s during the rest of the year, with the coldest temperatures occurring close to Christmas. Because of the limited variation in the temperature, you can visit the Bay Islands comfortably during any month for an unforgettable [Honduras Travel](#) experience.

Other Honduras Travel Considerations

Even in the rainy season, the weather in the Bay Islands will not keep you away from this [Honduras travel destination](#). However, you may have other factors to consider as you plan the

Bay Islands

Honduras Nature

timing of your trip. As with most Honduras travel plans, a trip to the Bay Islands can include whale and shark watching. These animals may be more visible and accessible during certain times of the year.

If you are hoping to include the massive whale sharks in your Honduras travel experience, the best time to visit the Bay Islands is from March to April or October to December. Humpback and blue whales are also present in this area throughout different months of the year.

Booking Your Honduras Travel Experience

As you can see, there are plenty of activities and attractions to enjoy throughout all seasons in the Bay Islands. The temperatures are not highly variable, making for a comfortable and predictable trip. Likewise, even when you visit this Honduras travel destination in the midst of its wetter season, you will still get plenty of opportunities to explore the islands without worrying about rain.

There is no "bad time" to visit the Bay Islands of Honduras. No matter when you choose to travel, you are sure to make memories you will enjoy for years to come! In order to make sure your Honduras Travel experience is as fulfilling as possible during any time of the year, it is best to plan your trip with the help of professionals who know the area and attractions well. Please contact Honduras Travel today to discuss your goals and book the trip of your dreams. Honduras is filled with beautiful, Caribbean beaches, reserves, heritage sites, and exotic wildlife you won't see anywhere else. Temperature-wise, Honduras is anywhere between 75 and 93 degrees Fahrenheit throughout the year. Culture wise, Honduras is 90% Mestizo and has a heavy Spanish influence. Just like in any other country, they have their own norms and courtesies so before visiting don't forget to educate yourselves and enforce them. Unlike some travel locations with many big-box resorts and crazy high prices, Honduras is a community that welcomes guests to take in all of its beauty and culture

Below are the safety measures needed to enter the country from the Honduras Civil Air Transportation Agency.

To ensure the effectiveness of the biosecurity procedures implemented in air transport, an expeditious procedure has been established that involves new requirements in addition to the country's entry/exit requirements determined in the Immigration and Foreigners Act, which are: Complete and submit the required information at <https://prechequeo.inm.gob.hn>
Complete and submit the migratory pre-registration

Complete and submit a Health Surveillance Record

Complete and submit an affidavit that will be submitted to the health provisions of the country.

Complete and submit the Customs Form

All passengers must present evidence of a negative result on the Polymerase Chain Reaction (PCR) test in real-time or quick test with a minimum specificity of 85%, Sensitivity 98% for COVID-19, performed in a period no longer than seventy-two (72) hours before entry into the country. In the event of an accident or force majeure, the passenger will undergo a clinical evaluation by International Health Office personnel.

Obligatory compliance with the protocol established in the International Health Regulations is expected at the time of entry into the country (clinical evaluation and mandatory quarantine) if the health authority so determines.

Compliance with the other biosecurity measures established in the Protocols of the Secretariat of State in the Health Office (obligatory use of mask) is required at all times.

All travelers must ensure that they meet the requirements for leaving the country and entering the country of destination.
