NEW YORK, NY, USA, October 3, 2020 /EINPresswire.com/ -- It's that time of the year when great books and the authors who write them take center stage. On the heels of the first dynamic list, American Journalist, [Fran Briggs](#) presents Volume II of "The Best of Autumn Reading, 2020." Both listings put the spotlight on a select few of endlessly gifted and distinguished authors.

Named to the list are new and established authors from the U. K. to the U.S.A., to Argentina and Norway.

The Best of Autumn Reading, 2020 II helps enthusiastic readers make quality decisions as it pertains to their reading selections," says Briggs. "A few authors have wowed their fans for more than a decade; others have just recently begun springing into prominence. In either case, all are making quite a global impact."
