MVM Brings Rock Tape and EcoVue to our Nation's Veterans

WASHINGTON, D.C., USA, October 5, 2020 /EINPresswire.com/ -- Maness Veteran Medical (MVM) is proud to announce their recent BPA (Blanket Purchase Agreement) awards for the MSPV 2.0 Program (Med Surge Prime Vendor Program), awarded through the VHA (Veterans Health Administration), active December 1, 2020.

Awarded off the Physical Therapy solicitation, to MVM, are 8 [RockTape](#) products. MVM is thrilled to bring these highly sought after products to our nation's veterans. The world's best kinesiology tape, RockTape is Water Resistant, Latex Free, has 180% Stretch for Full Range of Motion, and is

97% Cotton, 3% Nylon. MVM received a tremendous amount of requests for RockTape from veterans and physical therapists alike at the VA, and at the NVSBE show in Nashville. CEO Johnathan Maness proposed to have these products added to the MSPV to effectively fulfill an overwhelming need. The VA agreed and added 8 line items, granting VA clinicians and patients access to these game changing products.
