

Baseblue Cosmetics Best Selling Flying Lashes are Now on Walmart.com

Walmart now carries two of the best-selling lashes from this collection on their online store with free 2-day shipping.

WASHINGTON, D.C., UNITED STATES, October 7, 2020 /EINPresswire.com/ -- [Baseblue Cosmetics](#) launched the Flying Lashes Collection back in 2019. It was inspired by the adult Secretarybird (*Sagittarius serpentarius*), a rare species found in sub-Saharan Africa. It is one of the few bird species that has oval shaped lashes, giving them an elegant appearance. The name "Flying Lashes" reminds our customers of the Secretarybird's soft and feathery lashes.

The Flying Lashes Collection has become a cult favorite because they are lightweight and easy to apply.

The Flying Lashes signature two-sided flip case has one lash on each side of the case. Simply flip the lid on each side to use or store each glamorous lash. The whole package is only 0.6 inch thick, smaller than an earplug case. It can easily slip into any makeup purse or even a card holder. It is the perfect solution for on-the-go lashes storage – you will never lose your lashes before you get home.
