

BU-Network- A Social Media Platform

ATLANTA, GEORGIA, UNITED STATES, October 8, 2020 /EINPresswire.com/ -- The New Alternative Social Media Platform BU-Network, has arrived and has acquired major recognition in the social media world. After launching its platform and apps in October of 2020, many of its users have given it thumbs up or a five ratings. This was based on the release of the New Social Media App for its usefulness, overall quality, uniqueness in the market, user interface, new interactive modules and overall design. Our BU-Network Platform, have being adapted by many users around the globe through its user friendly apps on Apple and Android stores.

For users, it's totally sophisticated and well design while still being completely user friendly. BU-Network offers a very clean presentation that most users will appreciate, especially since the app does a fantastic job of what is fluid socially and integrate activity feed, built-in media player. If you are someone that wants a social media app that lets you connect with new friends, family and business without the censorship, politics and security issues, the BU-Network is by far the best choice for social users. Here are a few great thing people are saying about our apps. It Creative, Innovative, Impactful, and well Design. Our app offers its users to formulate group forums for their personal and business social media pages, app provides its users unprecedented connectivity with one another. Our users can share and post photos and videos, to going live and advertising their business. With 100% reach on every post and a commitment to never selling user data, BU-Network offers a safe and engaging environment. Using our platform offers you a good alternative to other social platforms. We are a new social media app that offer its users everything they loved about other platforms and much more more, in a user friendly environment. BU-Network and its user community have created a destination on its platform complete with daily news updates, uplifting stories, in-home workouts, tips for projects with the kids and more. In addition to effectively connecting with one another, users are able to access geographically sorted live news feeds to see current and local health related information. Our goal is help users better their lives as they discover and enjoy a wide spectrum of news, content and communities. Personal profiles showcase people and their lives while always allowing them to express and share stories on a global platform.

BU-Network users can add friends, follow people and pages, get real-time news with news feeds, chat, & notifications and profile updates, share any public post on the BU-Network, as well as publish (music, videos, links). The Bu app is easily found on Apple and Android App Stores. We are steadily expanding our user base globally.

From a business point of view, companies can connect with our users instantly. For example, brands and businesses can create chat boards and videos in order to broadcast messages on

their account. We offer users an ever growing social media platform, that allows individuals who are looking to connect with new friends organically and befriend like minded people without being censored for no reason. The BU-Network is connecting directly with its users to fill the void and that is having a genuine effect on their overall experience in the social media world. The BU-Network has a social media app that is rapidly growing with more and more people are joining the platform every day. Users can download the BU-NETWORK App free app in the App Store and Google Play App Store.
