Critics have touted 5 Miles From Town as the "African-American String band meets Juke Joint..." - Infused with the Hillbillies' trademark mix of pop, country, bluegrass, folk and jazz, this full-length collection reflects a soulful, gritty and alternately funky, romantic and socially conscious place where toes are always tapping, percussion is slapping, fiddles are jamming, front porch chairs are rocking, banjos are plucking and voices are raised in determination and triumph.

"Joyous, athletic, ancient, modern, and eternal, the Ebony Hillbillies don't just tell an important story about our country and keep an essential part of our musical heritage alive, but they entertain, magically, majestically, gracefully, and energetically," says Tim Sommer, SHO. "A pile of passionate, high-end musicians who apply their skill to filling this old tradition with beautiful new life, it's likely you won't see a more engaging, entertaining, and purely joyful band all year."
