“Dental implants are over 90% successful,” explains Dr. Matthew Lang of Castle Dental. “They don’t only look like natural teeth, but they also function like your natural teeth, making them more popular than removable options like dentures.”

“

We will do everything we can to make a fuller smile a reality for our patients.”

Patients missing one or more teeth and who have strong jawbones are considered the best candidates for dental implants. Patients who have gum disease or who have low

bone density are still encouraged to speak with Castle Dental to learn about the supplemental procedures that are available.

“We will do everything we can to make a fuller smile a reality for our patients,” adds Dr. Lang.

Included in the cost of [dental implants in Center Valley](#) are the x-rays, abutment, crown, and supplemental procedures. By scheduling a consultation, Dr. Lang and his team will help walk patients through the treatment plans and provide them with an estimate on total cost. Payment plans are also available.

Also offered at Castle Dental are CEREC crowns, sedation dentistry, tooth whitening, veneers, and family dentistry. To learn more, schedule an appointment by visiting <https://castledentalcare.com/appointment-request/>.
