

# New App Clapper Helps People Freely Express Their Views Uncensored

*Clapper is the all-new app that has been recently released and aims at helping people express their views without any form of restriction.*

DALLAS, TEXAS, UNITED STATES, October 15, 2020 /EINPresswire.com/ -- [Clapper](#) (Formerly NewsClapper) is the new [free speech](#) app that has been designed to give people the freedom to express and share their views without any form of restriction. The app is designed to be sub stack for video and is on the lookout to add more features to the already popular app.

Clapper is the new app that has been designed to promote free expression and speech. With this app, one can make short videos and post it to build their audience.

Edison, the media contact for the company was quoted as saying, "Clapper is designed to be more like a [Substack for video](#)" than YouTube with a more user-friendly interface. We will soon enable features that allow content creators to be supported by their audiences directly. As a

“

We will soon enable features that allow content creators to be supported by their audiences directly. As a content creator, you are paid by your subscribers and communicate directly with them.”

Clapper*

content creator, you are paid by your subscribers and communicate directly with them. Clapper undeniably provides the best tools in the industry for you to accomplish that with no limitation on the abundance of content variety that can be produced.”

This app is going to be unlike Facebook or even Twitter because it isn't going to be a part of the cancel culture. The users will have full control over the content they make and there is no one to overview the type of content they are posting or even the repercussions of it.

So, no matter what kind of personal views or political

opinion any individual has; all one needs to do is download the Clapper app and share their content. Sharing videos is remarkably easy and one doesn't need any kind of technical expertise

for the sake of operating it. All those who have a knack for making videos, posting content, and building an audience can make the most of this amazingly creative app.

The makers are hopeful that this app will be an instant hit along with the audience and too many people will download it so as to have fun. The ultimate motive boils down to sharing your videos and views and having fun so that one can enjoy the hang of social media.

Those who would like to explore more details about the app or even the ones who want to download it should make it a point to visit the Clapper website <https://www.newsclapper.com/>.
