[Defense Budget Market 2020](#)

Description: -

The US Defense budget accounts to the majority of Global Defense spending. If US Defense budget is treated as a country's GDP, it would rank amongst the top 25 GDPs in the world. The market is also experiencing a rapid rise in spending from countries like China, Saudi Arabia and India. However, China that ranks second in the Global Defense Budget list, spends less than half of the defense budget of US. The top five countries accounted to more than 60% of the market, these countries are United States, China, India, Russia and Saudi Arabia.

The Geopolitical situation plays an important role in the defense spending, countries which have strained relationship with their neighboring countries are likely to spend more on their defense budget. A government of a country with a 30 percent risk of expected civil war within five years is expected to raise its spending by around 1.2 percent of GDP in comparison to another country without an evident risk.
