

Industrial Resources, Inc. Expands Waterjet Services Through Strategic Purchase

Industrial Resources purchases Jetpoint Technologies of Sedro-Woolley, Washington to expand waterjet services

SEDRO-WOOLLEY, WA, USA, October 16, 2020 /EINPresswire.com/ -- [Industrial Resources, Inc.](#) announces the purchase of Jetpoint Technologies, Inc. assets, a local waterjet company, to further expand its fabrication capabilities. Jet Point Technologies, owned by John Swapp, had operated in Sedro Woolley since 1996.

"We've known John for years," said Peter Rasco, IRI's General Manager. "Joining forces could not have come at a better time for both companies."

Jet Point's former owner and technicians will now work for IRI in its 15,000 square foot fabrication facility located in Sedro Woolley.

With the purchase of Jet Point Technologies, IRI will add one more waterjet and several skilled staff to its fabrication division, which increases both capabilities and output to serve its growing global customer base.

“

Joining forces could not have come at a better time for both companies”

Peter Rasco

A waterjet is specialized equipment that utilizes high-pressure water streams to make precision cuts out of raw materials as varied as titanium, carbon fiber epoxy, all-metal alloys, and elastomers. Waterjet cutting is fast, powerful, and precise. The final product will be free of burrs and has a finished quality like no other. It is used to

Waterjet uses high pressure to cut holes

manufacture parts for handrails, signage, maintenance hole covers, aircraft parts, kayaks, and yacht rudders, to name a few.

After opening its doors in 1986, IRI quickly became known for its ability to take on challenging projects, under harsh conditions, in remote locations. To this day, its reputation holds firm.

IRI offers marine and industrial construction and [waterjet services](#) to

customers in Washington, Alaska, Oregon, Idaho, and California. IRI is a

small business that is ITAR registered, works with ABS, DNV, and complies with ASME and AWS requirements.
