

# Eco-friendly & reusable face mask, with unisex design, are proving a hit in Netherlands (Holland) during the COVID-19

*Dony Mask ability to fight against bacterial with the rate up to 99.9% after 60 times of washes, outweighing other competitor marks on the Holland market*

HO CHI MINH, VIETNAM, October 17, 2020 /EINPresswire.com/ -- With masks continuing to be a requirement in the near future, many people are opting to buy a reusable face mask covering. In addition to being easy to use, they are also an environmentally-friendly choice. And if they come with a simple design, the comfort to use for long hours, and an affordable price, the greater the purchasing power.

Dony Garment Company along with other Vietnamese enterprises donated medical supplies to the US

According to Dony Garment (which is exporting a large number of reusable face masks for the Netherlands markets), "Consumers are increasingly concerned about comfort, savings, and simple design. that is the reason we launched the Dony Mask and offers to many countries.

“

I like Dony because they communicate and deliver the product on time, the type of pandemic will not leave soon and people need to live with this situation.”

*Al Evan – CEO - Security Pro USA*

Currently, we are very interested in the Netherlands market, as our products meet the quality and fashion demands of the people here.”

Dony Mask comes up with yet another influential product amid the COVID-19 pandemic, [an antibacterial face mask with maximum protection](#). Presently, putting on a face mask is one of the simplest things to give your community a hand with protecting yourself, loved ones, and society at large. However, it seems so confusing for a consumer to decide which variety is able to safeguard his health

because of the various kinds of cloth face masks in the market today.

Dony Garment Company has launched a new item called Dony Mask which is made from Antibacterial fabric that is highly comfortable in breathing, consisting of 3-Ply protection, sterilized by E.O Gas. With so many hoax, adulterated and nationwide shortage of authentic facemasks, Dony Masks have started making 100% American and European comfort upgrade masks with state of the art mask making machines and techniques, which has already started production. This is your chance to get a comfort upgrade cloth mask.

The special advantages of using Dony Mask is that it remains the ability to fight against bacterial with the rate up to 99.9% after 60 times of washes, outweighing other competitor products on the current market (currently no masks have been comparable with); it has premium three layers of high quality - Use right after opening the package; sensitive or allergic people can use with Nose Clip and Adjustable Earloops.

Its strap could extend 270 percent of original length, which reduces the discomfort for users when wearing the mask for a long time; meet the most stringent standards exported worldwide; comfortable and breathable when wearing for a long time: soft nose bridge, elastic cord, and outstanding breathing resistance (mmH2O) at 1.8 (an excellent level) and easy to use while playing sports that need strong breathing.

Dony Mask is a 3-ply antibacterial cloth mask with 100% water resistance- you get rest assured that it can prevent droplets and resist to water completely. The outer layer features strong water

DONY MASK - premium antibacterial cloth face mask (washable, reusable) with CE, FDA, TUV Reach, DGA Certification

DONY MASK - premium Covid antibacterial cloth face mask (washable, reusable) with CE, FDA, TUV Reach, DGA Certification

resistance (Prevent droplets clinging to masks, limited viral infection, common cloth does not have this possibility), the middle layer has a filter function (air filter, dust and other agents entering the nose and mouth), and the Inner layer has 99.9% antibacterial properties (Preventing bacteria from entering).

[All Dony Masks are safely sterilized by E.O gas before reaching consumers.](#) Ethylene oxide gas used in making Dony Mask has the ability to penetrate the tiniest of pathways and destroy bacterial & viruses. It can be used in sterilizing a wide variation of materials such as masks, workwear uniforms, and medical devices. With E.O gas sterilizing in the final packaging: Dony Mask is "Ready to wear directly after taking out packaging"; and still ensure good hygiene, no virus, or bacterial infection from the onset.

These highly upgraded Dony Masks are extremely comfortable- Soft, thin, light type cloth, Perfect fit & Organic cotton ear loops; fashionable: 3D tailoring design, Various Colors, Non- Valve & V Shape Nose Support; Breathable (ergonomic breathing - good air permeability) & doesn't cause glasses to fog; High-quality protective: Antimicrobial Finished (This finish inhibits the growth of microorganisms, such as bacteria, viruses, fungi, algae, mold, and mildew), Multi-layer Nano biotech filtration (air filter & cleaner), Chemicals free & Deodorization.

It skin Friendly: UV protection (UPF 50+) & Non-irritating; easy to use in daily life: school, working places (office company, factory workshop, SPA), public places - Outdoors, travel, workout; eco-friendly and Save over 85% over disposable masks.

Dony Masks are quality proof guaranteed with FDA Certificate for safety criteria for permission to export to the US market, ISO 9001:2005 for mask production, C.E Certificate for safety criteria to gain allowance to European market export, TUV Reach Certificate for toxic chemical-free materials and safety for long time use, aseptic Inspection Certificate: Biological Safety Criteria for not containing harmful microorganism, Intertek Certificate: 100% waterproof (this is a maximum level).

It comes with UV resistance at 99.9% (Equivalent to high-class sun cream), more than 99.9% antibacterial even after 60 washes, certification for Free Export, DGA certification: Prove that Dony Mask respirator against COVID virus up to 99% and after 30 items of washing is 96% resistant. This certificate was issued by the French Ministry of Defense.

Dony Masks has already shipped to Europe, the USA, Japan, Saudi Arabia, Singapore, Jordan, France, UK, Germany, Nigeria, Finland, Greece, Denmark,... Dony is committed to offering 100% sterilized masks. If germs are found, they will take full responsibility. Also on-time delivery with high-quality products: Provides a 100% money refund if Dony does not follow this commitment.

They've stockpiled all raw materials from suppliers all over Asia to develop an uninterrupted [supply chain of face masks](#).

“The Dony Mask offers unbelievable protection from COVID-19 and other viruses, and it is very comfortable to wear. We know health professionals are going to embrace this product because of the many benefits associated with it and because this mask is affordable,” - Henry Pham - CEO of Dony Garment Company.

Dony Mask has delivered to cities in the Netherlands such as Amsterdam, Rotterdam, The Hague, Utrecht, Eindhoven, Tilburg, Breda, s-Hertogenbosch, Helmond, Groningen, Arnhem, Assen, Groningen, Haarlem, Zwolle, Leeuwarden, Maastricht and they are choosing an exclusive distributor here..
