

# Alta Data Technologies Recognized as Top 10 Supplier by Aerospace & Defense Review

*Growth Through Innovation and Quality of MIL-STD-1553 and ARINC Products*

RIO RANCHO, NM, UNITED STATES, October 17, 2020 /EINPresswire.com/ -- Alta Data Technologies, LLC (Alta) is excited to announce that Aerospace & Defense Review has awarded

“

Alta is honored to have received this prestigious award, which shows our company's commitment to providing the highest quality, most technically advanced MIL-STD-1553 and ARINC products in the market.”

*Harry Wild*

Alta as a top ten provider in the industry for 2020. This prestigious award recognizes Alta's growth, innovation and quality in providing industry-leading MIL-STD-[1553](#) and [ARINC](#) commercial off the shelf (COTS) products. The review documents Alta's rapid growth since its' inception in 2007 where new technologies are combined with advanced quality and manufacturing processes to produce unmatched product offerings for aerospace customers.

“We have been quite impressed by Alta's, expertise in providing efficient and innovative aviation solutions,” said Jonathan Allred, Managing Editor of Aerospace & Defense Review magazine.” We congratulate Alta on this prestigious

recognition and look forward to seeing their impressive growth streak continue.”

“This recognition is such a privilege and we thank Aerospace & Defense Review for the honor. This award demonstrates our entire teams' commitment to providing the very best product and services in the 1553 and ARINC market. Even though we have grown to be one of the largest suppliers in our niche, we've never forgotten our first customers that believed in our goal to bring a fresh, innovative approach for avionics COTS products. By offering the only 3rd generation, packet off-loading protocol engines, along with our leading manufacturing practices, we've been to grow keep the personal support promise for all customers – all with an industry-leading 5-year warranty,” states Richard Schuh, CEO and co-founder of Alta.

Schuh continues, “But we haven't rested on the 45,000+ items shipped and over \$130M in sales! We just announced a new product family called [NLINE](#). As the name suggests, we've taken our leading, full featured 1553 protocol engine and have embedded the circuitry directly in the cable assembly to offer unprecedented implementation choices for our customers. The same application software written for our PCI Express, XMC, PMC, USB, etc...interfaces can run, without

changes, on our new NLINE products.”

## About Alta Data Technologies

Alta is a rapidly growing, private company that provides industry-leading COTS avionics interface products. Alta’s products are offered in high-density channel counts and Ethernet configurations, IRIG Time Code Decoder, Triggers, Discretes and the advanced AltaAPI and SAE AS4111 5.2 AltaRTVal™ software packages. Advanced 1553 and ARINC products for PCI Express, PMC, XMC for various computer systems such as VPX, VME, cPCI/PXI, PXIe, Mini PCI Express. Operating system platforms include MS Windows 32 and 64-bit, National Instruments’ LabVIEW & Real-Time, Wind River’s VxWorks, Green Hills Software’ Integrity, Linux x86 32 and 64-bit. Trademarks are property of their respective owners and Thunderbolt is a trademark of Intel.
