EDISON, NEW JERSEY, USA, October 21, 2020 /EINPresswire.com/ -- EDISON, N.J., October 21st, 2020 - [StrikeForce Technologies](#), Inc. (OTC PINK: SFOR), announces the hiring of New York based speciality boutique investment bank, Spencer Clarke LLC, to provide corporate finance services.

StrikeForce Technologies, Inc.

"We are extremely excited to work with Reid Drescher from Spencer Clarke LLC" says Mark L. Kay, CEO of StrikeForce, "he has great relationships with major financial institutions and will help us with strategic investors to implement a powerful corporate finance plan to enhance shareholder value."

"We are sitting in the proverbial catbird seat right now as we are about to launch two of the most significantly important cybersecurity technologies, both born from the COVID-19 pandemic. Since the pandemic, video conferencing has become the new normal way for people and company's to communicate," says George Waller our EVP.

"Our SafeVchat is the industry's most secure video conferencing platform which includes five-levels of meeting security, while our PrivacyLok will protect your privacy data on any windows computer. Not only will PrivacyLok protect you while using StrikeForce's SafeVchat, it will also protect you when using any other video conferencing system, i.e. Zoom, Webex, LogMeIn, MS Teams, BlueJeans and others. We added Reid Descher, our investment banker, to assist public and private companies at their inflection point by adding value above and beyond a capital infusion," says Kay.

"This is a very exciting time for StrikeForce," says Kay, "we were just awarded an international patent for our MobileTrust mobile security bundle, we have several additional patents that are pending, we are close to launching two of the industry's most important cyber security products and now we hired Spencer Clarke LLC to help us grow financially & strategically. While It took us longer to get to this point then we all would have liked, the key thing to remember is that we are here now."

"Protecting data is at an all-time high that you shouldn't be up all night worrying about your next data or privacy breach, leave that job to us. Your privacy is your business, protecting it is ours" says Kay.
