About the Genius 100 Foundation

Genius 100, referred to as G100, was born out of the centennial celebration of Einstein's Theory of Relativity (2016). To honor this landmark occasion, 100 of the world's greatest minds were researched, selected and nominated to contribute their vision of the future to the publishing of the first 3D book "Genius: 100 Visions of the Future." Founded in Toronto in 2017, with a global footprint, Genius 100 Foundation is an active and engaged community of exceptionally imaginative and impactful human beings. The Genius 100 Visionaries are comprised of an extraordinary group of 100 globally recognized, accomplished, compassionate minds. The Genius 100 Foundation brings together Visionaries, philanthropic impact investors and its extended global community, collectively and in collaboration, to re-imagine the future – implement creative initiatives to improve our world - raise the bar on what is achievable and make the impossible - possible.
