

PCL Solutions Forms 1st East Coast Partnership with Verkada, Global Leader in Cloud-Based Physical Security

Partners Presenting Webinar "Evaluating Your Organization's Physical Security Strategy" on Oct. 27 at 11 a.m.

NUTLEY, NEW JERSEY , UNITED STATES OF AMERICA, October 22, 2020 /EINPresswire.com/ -- [PCL Solutions](#), the regional leader in managed hosting and IT services, is the first company on the East Coast to form a strategic alliance with Verkada, the leader in cloud-based, enterprise-wide physical security systems. Designed with simplicity in mind, Verkada's on-site video hardware and all-in-one, hosted software platform provides customers with a real-time view of each physical part of their organizations.

The partnership between PCL Solutions and [Verdaka](#) will help clients significantly increase the safety and security of workplaces, healthcare facilities, schools, or university campuses. Using Verkada's AI/Computer Vision, personnel can identify out-of-the-norm patterns and behaviors in real-time and instantly share them with security professionals to take immediate action.

As a public service, the partners will be hosting "Evaluating Your Organization's

PCL Solutions CEO Eugene Klyushnichenko formed the alliance with Verkada will bring cloud-based, enterprise-wide physical security systems to more organizations.

SOLUTIONS

PCL Solutions' mission is to provide end-to-end IT support to better manage, innovate, and scale business objectives and creative infrastructures.

Physical Security Strategy,” an information webinar, on 10/27/20 at 11 a.m. EDT. The webinar will explain Verkada’s innovative security technology that is currently used by companies, school districts and municipalities to mitigate crime, protect facilities, monitor secure locations and control access to properties. Attendees will receive a \$25 Amazon gift card and will also be eligible to receive free Verkada cameras on trial. The webinar is free to attend but pre-registration is recommended.

Verkada has revolutionized the industry as the first enterprise physical-security company in the world to provide real-time visibility into buildings by seamlessly combining video footage with access-based events in a simple, Cloud-managed platform.

We are really excited to roll out these physical security solutions with Verkada”

PCL Solutions CEO Eugene Klyushnichenko

remotely locking and unlocking doors. Mobile-friendly cameras and control systems can be accessed from almost anywhere in the world.

“We are really excited to roll out these physical security solutions with Verkada,” says Eugene Klyushnichenko, PCL Solution’s CEO. “Administrators no longer have to maintain outdated equipment like NVRs and DVRs, parsing through

hours of unnecessary footage or jumping through hoops to get access to cameras in emergency situations. Footage is always accessible, easily analyzed, and safely stored on camera as well as in the Cloud.”

Most video surveillance systems still rely upon older, on-premise servers with CCTV technology. With Verkada’s tools and analytics, access to videos is immediate, and users will no longer have to manage servers or maintain software as they grow and expand.

“Working with PCL Solutions will open doors for us,” says Jeff Hickey, Head of the Northeast U.S. Channel at Verkada. “Education is a key growth area for Verkada, and PCL Solutions has relationships with education decision-makers around the country.”
In partnering with Verkada, PCL Solutions will be able to expand its client base in such industry

sectors as healthcare, universities and K-12 schools, financial institutions, assisted-living facilities, and municipalities.
