

# Oral Surgery San Francisco Announces Post on Finding the Best Jaw Surgeon in the Bay Area

*San Francisco Oral Surgery is proud to announce a new post on finding the best jaw surgeon in the Bay Area.*

SAN FRANCISCO, CALIFORNIA, USA, October 29, 2020 /EINPresswire.com/ -- San Francisco Oral Surgery, a team of oral surgeons working in San Francisco, California, is proud to announce a new post on finding the best jaw surgeon in the Bay Area. The post explains that there is no single criterion for identifying even the top-rated surgeons in the region. Rather, it advises potential clients to reach out to more than one surgeon, get second opinions, and identify a surgeon who will clearly explain their options.

"Everyone wants the best Bay Area jaw surgeon, either for cosmetic or non-cosmetic procedures," explained San Francisco oral surgeon Dr. Alex Rabinovich. "Our post provides some easy food-for-thought online so that the patient can really ponder what 'best' means in this conduct and instead look for the best match for their particular needs," he continued.

The post can be found at <https://www.oral surgery-sf.com/2020/10/best-jaw-surgeon/>. Beyond

“

Everyone wants the best Bay Area jaw surgeon, either for cosmetic or non-cosmetic procedures.”

*Dr. Alex Rabinovich*

using the Internet, the post explains that interviewing more than one surgeon is a good tactic as is getting a "second opinion" should one be referred to a Bay Area jaw surgeon from another specialist. There is no singular "best Bay Area jaw surgeon," the post concludes. Rather, the patient and the surgeon must work together in partnership for the best surgical outcome and that extends from the pre-interview, to the surgery, to the post-

operative recuperation.

Persons who want to learn more about jaw surgery are encouraged to read the detailed information page at <https://www.oral surgery-sf.com/jaw-surgery/> and then reach out for a consultation. It should also be noted that many people are looking for Bay Area [dental implants](#). Those persons can visit the company's sister website at <https://www.sfdentalimplants.com/>. In all cases, potential clients are encouraged to reach out and request an evaluation.

## PROCRASTINATION IS NOT THE BEST OPTION

Here is the background for this release. Many Bay Area patients suffer from jaw problems. An example would be TMJ (temporomandibular) disorders. Another might be [sleep apnea](#). Still others would be persons who want cosmetic jaw surgery to reduce an overbite or an underbite. Next, Bay Area patients want to identify the "best" jaw surgeon, but the reality is that there are many top-rated jaw surgeons throughout the Bay Area, from Pleasanton and Livermore to Oakland and San Francisco. There is no single "best" jaw surgeon. Instead, as the post explains, a better plan is to interview more than one and find a best match. For this reason, Oral Surgery San Francisco is excited to release a new post on this important topic.

## ABOUT ORAL SURGERY SAN FRANCISCO

Oral Surgery San Francisco is located in the Financial District of the City and on the web at <https://www.oral surgery-sf.com/>. It is under the direction of Dr. Alex Rabinovich, a Board Certified Oral and Maxillofacial Surgeon specializing in the field of oral surgery. This additional training, along with his years of experience, sets Alex Rabinovich apart from the growing number of general dentists offering oral surgery and other dental procedures. The cost of oral surgery can be expensive, yet the clinic accepts over forty types of insurance plans from Bay Area employers. Oral surgery options include [wisdom teeth](#) extraction, jaw surgery, and dental implants. Oral Surgery San Francisco serves all neighborhoods in the city of San Francisco, including Pacific Heights, Russian Hill, and Noe Valley.
