#### About Healing Arizona Veterans (HAV):

HAV was established as a 501c3 charity in 2017. It sponsors the treatment of brain injured veterans using Hyperbaric Oxygen Therapy and adjunctive therapies, at two private locations, NorthStar HBOT in Tucson, and HBOT of Arizona in Phoenix. All HAV Board members and staff are volunteers. As such, 95% plus of all donations are used for treatment.

Healing Arizona Veterans (HAV) has the goal of raising \$1.2 million to sponsor the treatment of 100 veterans suffering from war related brain injuries. It costs \$12,000 to provide this life changing treatment for each veteran. There are approximately 13,000 veterans suffering from TBI in Arizona.

#### HAV Achievements:

Since its establishment in 2017, HAV has raised over \$270,000 in private donations. These donations provided treatment for eleven war injured veterans, plus another 10 in-process of being treated, with new potential patients requesting treatment weekly. HAV's goal is to raise \$1.2 million to treat 100 brain injured veterans
