About Miracles Outreach

Miracles Outreach works to restore our community by empowering program participants and/or

residents to become self-sufficient – economically, emotionally, mentally and physically. Our purpose is to provide safe, secure, nurturing environments for the educational and emotional development of at-risk youth, reducing the risk factors that lead to juvenile delinquency. We have a track record of success when it comes to housing children which are coming from some of the most troubling situations imaginable. When one child ages out or leaves our family to live with a competent, capable family member, the State of Florida seeks to fill that void by immediately contacting us in hopes that we will provide care for yet another deserving child.
