

PRETTY BROKEN NOW STREAMING IN THE UK

Samera Entertainment goes behind the scenes of this insightful dramedy from husband & wife directing team, Brett Eichenberger and Jill Remensnyder.

LOS ANGELES, CA, USA, October 27, 2020

/EINPresswire.com/ -- [PRETTY BROKEN](#) stars Indie Series Award Winner Jillian Clare as Lindsey Lou, a young woman who is on the verge of divorce when she receives news that her father has gone missing as the result of a climbing accident and presumed dead. Lindsey Lou does her best to keep her father's memory alive, but her mother (Stacy Edwards) is ready to leave the past behind by replacing him with a younger man named Jerry (Daytime Emmy Winner Tyler Christopher of Days of Our Lives). Tension abounds as an odd love triangle forms and the stages of grief present themselves in a disorganized fashion.

Brett Eichenberger says, "Pretty Broken reminds us that family is defined by the people in our lives that we love, no matter how they're related. Family transcends time and place, and defines who we are."

Jill Remensnyder says, "I've always been fascinated by what goes on behind closed doors of seemingly normal families, and how people process grief. Pretty Broken allows us to join Lindsey on her journey to heal and discover who she is and what she's capable of."

The film had its world premiere at the 2018 Newport Beach Film Festival. It was also screened at The Portland Film Festival to great acclaim, and was

released on VOD March 1, 2019.

Sharry Flaherty of Samera Entertainment acquired *Pretty Broken* for [Bounty Films](#) for its UK distribution. About the film, Flaherty says, "This movie is wonderful on so many levels. There are the 'feel good' moments which I believe make a movie memorable. But there are also the extremely poignant moments about coping with loss that really encompasses the core of the human experience."

On that same subject, Leslie Morris, the UK distributor for Bounty Films says, "Our company is very proud of this film. It's a powerful statement on the effects of both grief and hope. We've seen some really cool responses to the film in the short time it's been out, and we've been humbled by all the interest it has generated so far."
