PORTLAND, OR, UNITED STATES, October 27, 2020 /EINPresswire.com/ -- "[Asia Events Industry \(Market\)](#) by Type, Revenue Source, Organizer and Age Group: Opportunity Analysis and Industry Forecast, 2019–2026," The Asia events industry size was valued at \$273.80 billion in 2018, and is projected to reach \$567.10 billion in 2026, registering a CAGR of 9.2%.

Asia Events Industry

The term event refers to organizing a show, which involves public gathering at a predetermined place and time. The most popular events include conference & exhibition, corporate events & seminar, promotion & fundraising, music & art performance, sports, festival, trade shows, product launch, and similar others. The initial stage of a major event involves understanding the audience and their behavior that excite and emotionally engage them. The final stage involves conducting an event appropriately.

In-depth analysis of the COVID-19 impact on the Asia Events Industry @ <https://www.alliedmarketresearch.com/request-for-customization/6644?reqfor=covid>

In 2018, depending on type, the corporate events & seminars segment garnered the maximum share in the events industry, owing to rise in number of companies and frequent seminars & [events conducted](#) by them. In addition, such seminars and events involve interaction between speaker and audience, thus attracting more attendees, which propelled the growth of the segment.

However, the festivals, especially music festival, segment is anticipated to grow at the highest CAGR of 5.0% during the forecast period. This is attributed to increase in popularity of such events among the Asian population, especially the youth and middle-aged individuals, which

boosts the growth of the events industry. Furthermore, such music concerts and events offer valuable opportunities for promoters and brands to align themselves with people attending concerts, which in turn drive the Asia events industry growth

Depending on revenue source, the sponsorship segment accounted for the highest revenue in 2018, owing to unlimited opportunities the organizers find to broaden their competitive advantage. Moreover, sponsoring an event increases reach among potential buyers and customers, which augments the growth of the events industry.

According to the current Asia events industry trends, the industry has been segmented by age group, the 21–40 years segment contributed the maximum revenue in 2018, owing to increase in interest toward entrepreneur & business seminars and conferences that offer proper guideline & direction to the youth for establishing start-ups along with arrangement of music concerts and festive gatherings.

Country wise, China was the highest revenue contributor in 2018, as this country has been successful in winning conferences of international associations with over half of the top cities selected as destinations for international association conferences. This is attributed to consistent increase in sports events and music festivals in China rise in popularity of the Olympic & commonwealth games and music concerts.
