Andy Lujan

Equipped with two sets of 20lb and 5lb Noonchi bands, the custom created bands can be used separately for a minimal resistance cardio workout or combined for maximum exercise. possibilities. Raise or lower Noonchi to suit every body type and when finished, easily detach it from the back of the chair.

Andy Lujan, the owner, and creator of Noonchi said, “Our first version saw incredible success as consumers happily used it in their office chairs. Soon, they asked us for a workout product that
