

Retail Control Systems unveils site for Anthea retail management system designed exclusively to grow cannabis businesses

Integrated solution streamlines cannabis operations with industry leading software and hardware to optimize in-person, online and back office business processes

FORT COLLINS, COLORADO, UNITED STATES, October 28, 2020

/EINPresswire.com/ -- Retail Control Systems (RCS) today unveiled the new website for its Anthea [retail](#)

[management system for cannabis](#)

[businesses](#). Designed specifically to address the unique requirements of dispensaries, the Anthea system leverages industry leading software and technology solutions from partners including NCR, Foyer, NexTec and more to help cannabis businesses grow.

The Anthea system addresses a broad set of retail requirements like security monitoring, mobile marketing, receipt management and reporting, all optimized for the heavily regulated cannabis industry. RCS has applied its decades of retail management experience to the stringent inventory management and tracking, compliance and regulatory challenges associated with this fast-evolving business. The company also offers the most effective hardware and software solutions to enable secure bank transfer transactions and mobile payment options.

“Ultimately, cannabis business owners can’t oversee business operations and maintain compliance without the use of state-of-the-art technology,” said Dave Albert, President, Retail Control Systems. “Developed with category-leading technologies such as [NCR Counterpoint](#) point-of-sale solutions, NexTec enterprise resource planning software and the Foyer digital retail suite, the Anthea system offers a complete digital retail suite to help retailers thrive.”

Anthea gives businesses the tools and insights they need to make critical business decisions with confidence. Anthea [helps customers optimize their business by increasing sales](#), reducing expenses, managing staff and enhancing the overall customer experience.
