

QinetiQ To Host Webinar on 'Red Teaming – Hacking (Organisations) from the Hotel'

Smi Reports: A free webinar led by QinetiQ will take place on 25th November 2020 to explore why organisations should carry out Red Teaming exercises

LONDON, UNITED KINGDOM, October 28, 2020 /EINPresswire.com/ -- SMi Group is delighted to announce that there will be a [free webinar](#) led by QinetiQ on 'Red Teaming – Hacking (Organisations) from the Hotel' taking place on 25th November 2020 at 11am GMT.

A Red Teaming exercise is a simulation which aims to test the physical, cyber, and social defences of a particular system. It can test an organisation's resilience and identify vulnerabilities in their technologies and business processes which might leave them open to an attack.

During this [exclusive webinar](#), James Mason, Enterprise Cyber Security Services, QinetiQ and a Senior Security Specialist from QinetiQ's expert Security Health Check Team, will discuss why organisations should carry out a Red Teaming exercise, explore red team war stories, and discuss what their clients learned and how they benefited reducing critical business risk from a single engagement.

QinetiQ's Security Health Check Team are one of the world's longest established Penetration Testing teams, and so have a comprehensive understanding of the tradecraft that threat actors employ.

Interested parties can sign up for the webinar at <http://www.red-teaming-webinar.com/EINpr1>
