## LEGAL CLAIMS.

A class action lawsuit has been filed against Wrap. According to the lawsuit, during the Class Period, the Wrap Defendants made false and/or misleading statements and/or failed to disclose that: (1) the Company had concealed the results of the LAPD BolaWrap pilot program, which demonstrated that the BolaWrap was ineffective, expensive, and sparingly used in the field; and (2) as a result, the Wrap Defendants' public statements were materially false and/or misleading at all relevant times. Investors were damaged, according to the class action lawsuit, when the true details entered the market.
