Global Market Strategist Brian Levitt – a regular on CNBC, Bloomberg, and PBS’s Nightly Business Hour – will join Bob Reby for a virtual “Fireside Chat” to discuss the results of the November 3, 2020 U.S. elections, the potential impact on investors, and the expected consequences for the U.S. economy.

The live online event titled “How the Election Results Impact Your Wealth” will be held on Thursday, November 12, at 6:00 p.m. All members of the community are encouraged to attend. The event is free, but registration is required at [www.RebyAdvisors.com/2020Election](http://www.RebyAdvisors.com/2020Election).

What makes this 60-minute program different from cable news shows covering the same topic? According to Bob Reby, CEO and President of Reby Advisors, the objective analysis, free of political bias and focused exclusively on educating investors, sets this event apart.

Reby explains, “The financial media often focus on their ratings. Sensationalism creates fear and greed – which are great for attracting viewers but often lead investors astray. We host educational events like this with the aim of cutting through the noise and delivering valuable information to investors.”
