

# Integrated Design Systems Now Offering Free Product Design Consultation

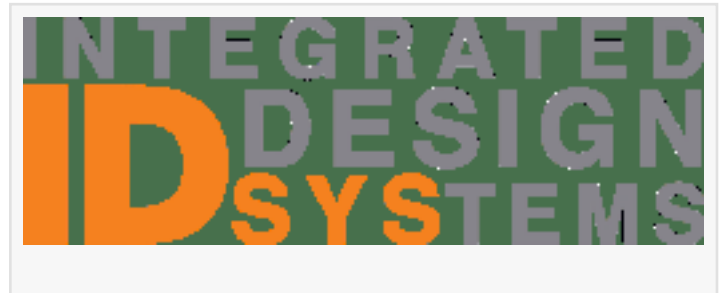

*An industry leader in industrial product design and development is offering consultations at no cost to qualifying businesses.*

OYSTER BAY, NEW YORK, UNITED STATES,

October 30, 2020 /EINPresswire.com/ --

Representatives with [Integrated Design Systems](#) today announced that it is now

offering free product design consultations to qualifying businesses.

"Be the game-changer in your niche through our Innovative and insight-driven product development," said Michael Paloian, President of Integrated Design Systems. "This is your opportunity to get expert advice on a new product: creative concepts, ideas, and strategies; ideation and branding; plastic material selection or discuss any question - from concept to completion - with the president of an award-winning product design firm."

With more than 30 years of hands-on product design and development experience, Integrated Design Systems, Paloian says, knows how to move efficiently from idea to reality.

"There's no need to look for field specialists from different industrial design companies — we have everyone and everything you need," Paloian said, before adding, "We're experts in transforming your ideas into realities – a product design firm that takes concepts from napkin sketches to mass production. We see the possibilities you see and uncover more from the fringes. More importantly, we identify the resources, talents, and skills necessary to bring these ideas to life."

Paloian stressed that Integrated Design Systems designs not to impress but to produce a blueprint of your next winning product.

"With more than 40 patents, countless award-winning products; We're proud to offer our services as a premier product design and development firm," Paloian said. "From our offices in New York City, our engineers, industrial experts, and project managers will see you through the entire process, from ideation to completion."
