

Inplenion Secures OneStream Software's Gold Partner Level Status

OneStream partner achieves new status, continues to empower customers and provide deep domain expertise around the globe

OLTEN, SWITZERLAND, October 30, 2020 /EINPresswire.com/ -- [OneStream](https://www.onestream.com) Software today announced [Inplenion](https://www.inplenion.com) has become a Gold level implementation partner. As a Gold partner, OneStream recognizes Inplenion's commitment to align with OneStream's strategic vision and continue to bring value to shared clients.

OneStream provides a unified, SmartCPMTM platform that simplifies and aligns financial consolidation, planning, reporting, analytics and financial data quality. OneStream eliminates the risk and complexity of data integration, validation and reconciliation between multiple products, applications or modules, and makes non-integrated CPM suites a thing of the past.

“

This status is awarded to partners who meet our high standards and continue to deliver exceptional solutions that drive value for our customers.”

Stephanie Cramp, Vice President, Global Alliances at OneStream Software

“We are very happy to have achieved the Gold Partner Level Status. Our continued efforts to promote OneStream in the CPM market and our Successful Project Implementations have been recognized with this award. We are looking forward to extend our partnership with OneStream. OneStream is key to our All-in-Cloud strategy, allowing us to provide next-generation solutions to our

clients.” said Jann Tadorian, Founder and CEO of Inplenion.

“We are thrilled to announce Inplenion has achieved Gold level partner status,” said Stephanie Cramp, Vice President, Global Alliances at OneStream Software. “This status is awarded to

partners who meet our high standards and continue to deliver exceptional solutions that drive value for our customers. Inplenion's new partner status is a reflection that more companies are turning to OneStream's SmartCPM solution to simplify their financial processes and increase operational insights."
