

# A BIDEN-HARRIS VOTE WILL BRING WISDOM, DIGNITY, HEALTH, PROSPERITY, EQUALITY & JUSTICE FOR ALL. ALL SECTORS WILL THRIVE

*By redefining the gender gap as the emotional health gap they will change America from an emotionally challenged world order to a thriving wisdom based order.*

HOUSTON, TEXAS, USA, November 2, 2020 /EINPresswire.com/ -- [BIDEN](#) -HARRIS HAVE THE ULTIMATE PLAN: THEY WILL PUT AN END TO RAISING OUR SONS INTO [EMOTIONAL HEALTH](#) DISASTERS TRANSFORMING AMERICA FROM AN EMOTIONAL HEALTH TRAGEDY TO AN EMOTIONAL HEALTH SUPERPOWER.

This is the truth about Trump.

They will remove the emotional health gap between men and women; that will result in changing America from an ignorance-based world order to a [wisdom](#) based world order.

The Biden-Harris team asked the following questions: Why do you think women live longer? Why do you think 50% of America struggles to make ends meet? Why do you think almost all crime and corruption are by men? Why are our mental beds occupied mostly by men? Why do men have far more addiction problems? Why Black women are thriving and Black men are socially, economically, and emotionally struggling? Why are the vast majority of police killings by men police officers? Why wars are started by men? Why are governments headed by women doing better in handling the coronavirus? The reason is crystal clear: women are brought up humble while men are brought up macho. Humility is wisdom and machoness is ignorance; so we bring up our women wise and our men ignorant.

It is the inherently ingrained male machoness that triggers most of the ills of society. The Biden-Harris team has decided to provide the infrastructure to create wisdom in men just as we create it in our women; by bringing up our sons with humility.

With their WISE PARENTING PLAN, they will not only eliminate the ills of society and stop the decline in social standards they will replace the current mess in education, society, health, happiness, prosperity, relationships, peace with cutting edge education, health, prosperity, love, justice, equality & a thriving relationship between races.

Biden-Harris will put an end to raising our sons into emotional health disasters. They will not only stop the decline in social standards they will take all of America to new heights of thriving emotional health, happiness, and prosperity.

Here are some steps that they will implement:

- 1) Reform the police by making them into a peace corp. Give the police the same training that is given to the Norway police.
- 2) They will invest the resources to create an America that is emotionally super healthy.

“

Biden & Harris are ready with a failproof plan to accomplish what no president has done ever before, solve once & for all America's #1 problem of America being an emotionally challenged country.”
