

Carolina Liquid Chemistries Remains Deep in the Fight Against COVID-19

Carolina Liquid Chemistries is Proud to Announce Continued Success in the Fight Against COVID-19 with SDVOSB Partner Maness Veteran Medical

GREENSBORO, NC, USA, November 6, 2020 /EINPresswire.com/ -- In recent months, [Carolina](#) Liquid Chemistries (CLC) has gained authorization to distribute the point-of-care (POC)/waived/fingerstick Fastep [COVID-19](#) IgG/IgM Rapid Test Device by Assure Tech. (Hangzhou) Co., Ltd. Now, any Point of Care setting operating under a CLIA Certificate of Waiver has access to this test, with results in 15 minutes. This opens up the ability for millions more to get tested and tested quickly from a blood specimen, and aids in identifying individuals with an adaptive immune response to SARS-CoV-2, indicating recent or prior infection. Carolina Liquid Chemistries has served the laboratory community for over 25 years. As COO of CLC, Patti Shugart's mission since the onset of COVID-19 has been getting high quality COVID-19 testing products out as quickly as possible to combat this novel virus, while strictly adhering to all FDA protocol.

CLC's exclusive SDVOSB (Service Disabled Veteran Owned Small Business) [Maness](#) Veteran Medical, is ensuring the VA and DOD have access to this high quality test. We have 300k tests in stock at this time!
