

# Technaxx® exhibits new Smartwatch Wearables both with a temperature measuring feature

*Two fitness gadgets from the German tech company to monitor body temperature during sport activities*

FRANKFURT AM MAIN, FRANKFURT AM MAIN, GERMANY, November 6, 2020 /EINPresswire.com/ -- Technaxx Deutschland GmbH & Co.KG, a German consumer electronics company, starts rollout of Smartwatch TX-SW6HR and [Fitness](#) tracker TX-HR7.

Two gadgets among [smart wearables](#) from Technaxx have obtained a function of measuring body temperature — Smartwatch TX-SW6HR and Fitness tracker TX-HR7. They are designed to help people stay fit and healthy while doing exercises. The easy-to-use Technaxx smart gadgets pack all the basic features you need to monitor your [health](#) and workout for an affordable price. They both display temperature, heart rate, steps, distances, burned calories, sleep time, clock, date. You can track your sports activities and get notification reminders such as calls, SMS, Email, WhatsApp messages, social media, achieved goals, activity, or drink reminders. All go onboard to stay connected with others. Fundamentally, both smartwatch and fitness tracker have similar functions, even a specific anti-lost function that enables to find your mobile phone or smartwatch.

“

Technaxx Smart Wearables give joy from workout and calmness for your health”
