

New Mexico Mesothelioma Victims Center Urges a Navy Veteran with Mesothelioma in New Mexico to Call Attorney Erik Karst of Karst von Oiste to Discuss Compensation-It Might Exceed a Million Dollars-Or More

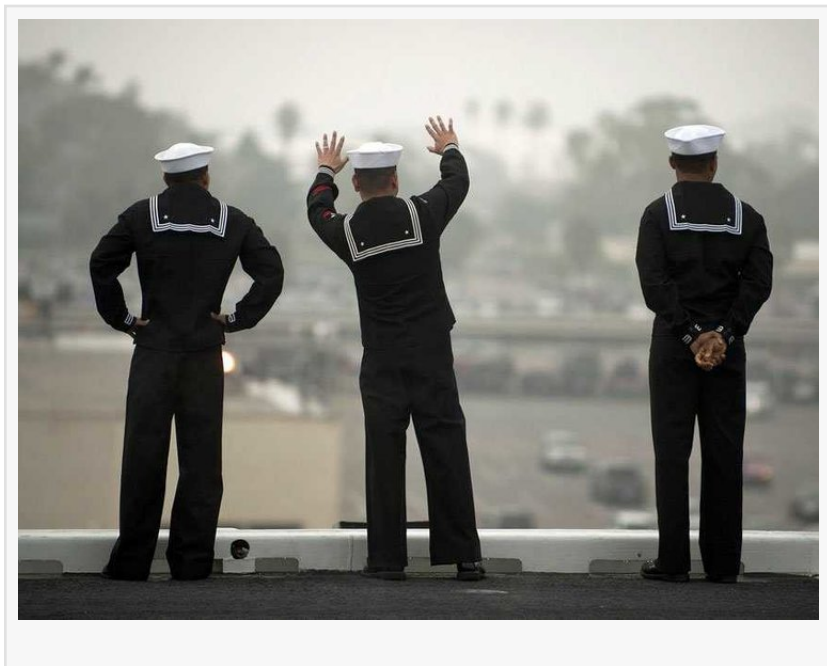

SANTA FE, NEW MEXICO, USA, January 8, 2021 /EINPresswire.com/ -- The New Mexico Mesothelioma Victims Center is urging a Navy Veteran or a DoD worker who has recently learned that they have mesothelioma in New Mexico or their immediate family to please call attorney Erik Karst of the law firm of Karst von Oiste at 800-714-0303 to discuss financial compensation. Financial compensation for a person like this might exceed a million dollars-provided the lawyers they hire know what they are doing. Erik Karst of the law firm of Karst von Oiste and his colleagues have been assisting Navy Veterans with mesothelioma for decades and they are responsible for over a billion dollars in compensation results for their clients.

www.karstvonoste.com/

The group says, "We have endorsed, and we recommend attorney Erik Karst of the law firm of Karst von Oiste for a Navy Veteran or former Department of Defense worker who has been recently diagnosed with mesothelioma. We know that 2020 was probably the worst years for mesothelioma compensation in two decades because of the Coronavirus. The Coronavirus and mesothelioma have similar symptoms. We fear that many people who had mesothelioma were

diagnosed with the Coronavirus last year-rather than what they actually had. If you husband or dad has just been diagnosed with mesothelioma in New Mexico-please call attorney Erik Karst of Karst von Oiste anytime at 800-714-0303-so at a minimum-he can explain how the compensation process works. We think you will be glad you did." www.karstvonoiste.com/

The New Mexico Mesothelioma Victims Center would like to emphasize theirs is a statewide initiative available to a diagnosed victim anywhere in New Mexico including communities such as Albuquerque, Santa Fe, Taos, Rio Rancho, Las Cruces, Roswell, or Farmington. www.karstvonoist.com/

For the best possible treatment options in New Mexico we strongly recommend the following health care facility with the offer to help a diagnosed victim or their family get to the right physicians at the hospital we have indicated: The University of New Mexico Cancer Center, Albuquerque, New Mexico: <http://cancer.unm.edu/> .

According to the CDC the states indicated with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon. However, mesothelioma does happen in New Mexico. <https://NewMexico.MesotheliomaVictimsCenter.Com>

High-risk work groups for exposure to asbestos in New Mexico include US Navy Veterans, power plant workers, oil refinery workers, civilian employees of the Defense Department, manufacturing, or industrial workers, plumbers, electricians, auto mechanics, machinists, miners, or construction workers. Typically, the exposure to asbestos occurred in the 1960's, 1970's, or 1980's. www.karstvonoiste.com/

For more information about mesothelioma please refer to the National Institutes of Health's web site related to this rare form of cancer: <https://www.cancer.gov/types/mesothelioma>
